25 bulbs at 100 rates, 250 bulbs at 1000 rates.

CARNATIONS

Rooted Cuttings

NEW VARIETIES

YANKEE GIRL (Bloomsburg Floral Co.)

Has been grown for the past four years. At the New York Florists Club May meeting, Yankee Girl scored 88 points, a high score considering that May is not the best time of the season to score a Carnation at its best. It was awarded a Certificate of Merit. Yankee Girl, according to the consensus of opinion of all growers who saw it growing, has come to stay—and, like its meritorious parents, will make good. Introducer's description (Bloomsburg Floral Co.) briefly stated: Yankee Girl is a cross between Matchless and rose-pink Enchantress, combining the characteristics of both parents, the form of bloom, texture of petals, and calyx being that of Matchless. Length of stem, vigor of growth and size of plant, both in the field and on the bench, those of the well-known Enchantress. Color: An ideal soft shade of dark pink, without the least trace of magenta, holding color at all seasons without fading. Size, 3½ in. to 4 in. Blooming qualities: Extremely free. Place your orders early to insure early delivery.

IVORY (C. B. Johnson)

A high built, heavy fringed flower. Pure white the year round. Continually producing fine crop of flowers on wiry stems. Has excellent keeping qualities, with few, if any, seconds. Also an easy propagator, a variety that has come to stay. \$14.00 per 100, \$115.00 per 1000.

JEWEL (William Sim)

An ideal commercial Carnation. A considerable improvement over Morning Glow, as to color, size and productivity.

NORTH STAR (Baur & Steinkamp)

Free-flowering yellow of good commercial size, with fine keeping qualities.

[RADIOLITE (Baur & Steinkamp)

Brilliant scarlet, freely producing large blooms, on long stiff stems. Fine keeper and shipper.

LUCILLE (Demeusy)

Commercialized Laddie, having about the same color. Vigorous grower, producing a sturdy crop of excellent blooms. Easy propagator. \$14.00 per 100, \$110.00 per 1000.

All of above rooted cuttings, except where noted, \$15.00 per 100, \$125.00 per 1000.

To Our Old, New, and Prospective Friends

We appreciate any consideration shown us by placing orders early. To prove it, we are taking import orders for Fall delivery at market prices, with a guarantee against any later price decline.

If prices go down after arrival, you pay no more than you would from any other reliable concern at that time—if they go up, your order is in at the down price.

Our standard of highest quality will be maintained to be in line with our reputation.

Cyclamen Seeds

(Stoldt's Strain)

None better at double the price that some may charge for their "selected strain."

Our Cyclamen seed has been on the market since the termination of the World War, and the numerous letters of commendation we receive, speak well for the excellent results obtained from Stoldt's strain.

Space will not permit us to insert all the letters, but we can hardly refrain from reproducing the following two:

S. S. Skidelsky & Co., New York City

Gentlemen: We have grown your Cyclamen with wonderful success, the best we have ever grown, and are doubling our order for Cyclamen Seed next year. Some plants have as many as one hundred leaves to a plant.

Very truly yours,
HAURY & SONS,
Nashville, Tenn.

S. S. Skidelsky & Co., New York City

Gentlemen: For a number of years, a large portion of the fifty thousand Cyclamen seed that we grow yearly have been purchased from Skidelsky & Company, and our results have been very satisfactory. We have been very successful in the growing of Cyclamen and it has been a money-making proposition for us. We have always been well satisfied with the seeds that we purchased from Skidelsky & Company.

Very truly yours,
THE GEO. WITTBOLD CO.,

(Signed) Louis Wittbold
